

*New York Times* –Notable Book of the Year, Ted Gioia's *The History of Jazz* has been universally hailed as the most comprehensive and accessible history of the genre of all time.

Gioia's story of jazz brilliantly portrays the most legendary jazz players, the break-through styles, and the scenes in which they evolved. From Louis Armstrong and Duke Ellington at the Cotton Club, Miles Davis's legendary 1955 performance at the Newport Jazz Festival, and Ornette Coleman's experiments with atonality to current innovators such as Kamasi Washington and Esperanza Spalding, Gioia takes readers on a sweeping journey through the history of jazz. As he traces the music through the swamp lands of the Mississippi Delta, the red-light district of New Orleans, the rent parties of Harlem, the speakeasies of Chicago, and other key locales of jazz history, Gioia also makes the social contexts in which the music was born come alive.
